DEPARTMENT OF BOOKS

Dear Miss Brumbaugh:

I shall be delighted to have you use any part of the poem which I read at Dr. Dewey's birthday party five years ago.

I fear it is going to be impossible for me to be present at his 80th birthday celebration. Mr. Yust will, of course, be there as he graduated under Dr. Dewey at Albany.

I was glad to know that you knew and appreciated Mr. Yust so highly. It seems to me we are exceedingly fortunate to get a man of his standing and rich experience to direct our college library. Things do work out rightly, if you give them time, don't they?

I thought you might be interested in seeing the inclosed Rollins Record since it tells of the opening of the new year.

Very cordially yours
